

IIT Bhubaneswar

Robotics CAD

Description:

You will be provided with a CAD drawing of certain components and your task will be to replicate it by making CAD models of the same and submit it in the least time.

Rules:

There will be 3 stages. Participants will have to create CAD parts and assembly as per the drawings provided at the time of the event in each stage and submit the same to a google form. There will be a maximum time limit for each stage. Marks will be awarded based on the time taken to create and submit the model. Marks obtained for all three stages will be totalled at the end and accordingly, winners will be declared.

Stage 0 →

- Max. time limit: 1 hour
- Skills involved: Only CAD solid modelling

Stage 1 →

- Max. time limit: 2 hours
- Skills involved: CAD solid modelling and assembly

Stage 2 →

CAD model of a few components will be provided in “.stl” and “.sldprt” and a few are needed to be modelled with provided drawing And after that, all the parts need to be assembled.

- Max. time limit: 2 and half hours
- Skills involved: CAD solid modelling and assembly

Judging criteria and marking scheme:

- Judging will be based on the completion of the CAD model and the time taken to submit it.
- Marking scheme :
 - a. Marks awarded = Max. time limit(in min.) - Time taken to submit(in min.)
 - b. Maximum total marks = $60+120+150 = 330$
 - c. Zero marks will be awarded if the time limit is exceeded OR drawing specifications are not met.
